FIRST REPUBLICAN RALLY TO BE HELD MONDAY EVENING

CONGRESSMAN E. A. MORSE AND CITY ATTORNEY S. J. McMAHON OF
ANTIGO TO SPEAK AT OPERA HOUSE.

Issues of Campaign to Be Discussed—Both Gentlemen Fluent Talkers—Attendance
Should Be Large—Military Band to Furnish Mus. c.

CONGRESSMAN E. A. MORSE.

The first big republican rally of the present campaign to be held in
Rhinelander is scheduled for next Monday evening at the Opera House. Con-
gressman E. A. Morse of this district and S. J. McMahon, City Attorney of
Antigo, are the speakers who have been secured for this occasion. Both
gentlemen are able talkers and their addresses will pertain to the issues of
the campaign. All voters should make an effort to attend this meeting and
it is anticipated that the Armory will be taxed to its fullest capacity. There
will be music by the Rhinelander Military Band.

IMPORTANT COUNCIL MEETING.

Appropriations Made—Gas Street Lights
Ordered—High School Site Considered.

The yearly levy for city expenses was
made at the regular council meeting
last Tuesday night. It is three thou-
sand higher than a year ago but the
assessment is proportionately higher
so the rate of taxation for city pur-
poses will be the same. Of course
this does not include the county tax
or the state tax, so the total rate can
not be stated yet.

The levy is supposed to contain five
thousand dollars toward a high school
site.

A departure was made by the coun-
cil in street lighting. A new gas
light is to be installed at the corner
of King Street and Oneida Avenue.
This change from electricity to gas
brought out much discussion and
those who have lived in cities using
gas for street lighting spoke of it in
the highest terms. The final vote
was unanimous to install a gas light.

The question of a site for a new
high school was taken up but no
definite action was reached. The sen-
timent seemed to prevail that a lo-
cation should be secured best adapted
to the needs of the entire city.

AUTOMOBILE ACCIDENT.

Matt Kristensen had a narrow es-
cape from serious injury while in his
automobile on the Three Lakes road,
Tuesday. The big car was running
at a fair rate of speed when a portion
of the machinery broke and the auto
became unmanageable. Mr. Kristen-
sen saved himself by jumping. The
machine went on for several yards
and struck with tremendous force
against a telephone pole at the road-
side. The car was badly damaged.

PICTURE EXHIBIT AT LIBRARY.

A fine collection of reproductions
of famous American paintings, loaned
to the Woman's club by the state
Federation, is now on exhibition at
the Library. This collection includes
a very valuable and beautiful set of
etchings. Come to the Library and
see these fine pictures. They will be
on exhibition for two weeks.

A POPULAR RESORT.

Sugar Camp Visited by Many People Dur-
ing the Last Summer.

The excursion train on the Robbins
narrow gauge railway made its last
trip of the season to Sugar Camp Re-
sort, Sunday. During the summer
hundreds of people from Rhinelander,
as well as many tourists from the
large cities, have been entertained at
Sugar Camp Resort and all speak in
the highest terms of the hospitality
extended to them by the proprietors,
Messrs Knapp and Jones. Nowhere
in northern Wisconsin can be found
such excellent fishing as in Indian
Lake. Some of the largest muscal-
longe ever caught in the state were
taken from the waters of this lake
during the present year. The scenery
about this lake is most picturesque.

The country around Sugar Camp
abounds with game of all varieties
native of this part of the state. Deer
are plentiful. During the coming
hunting season it is expected that
many sportsmen will invade this ter-
ritory and Messrs Knapp and Jones
are making preparations for their re-
ception at Sugar Camp Resort.

FINDS FORGED CHECK.

O. A. Hilgerman Loses Sixty Dollars by
Crookedness of Former Employee.

In checking up his bank account at
the Merchants State Bank, last Fri-
day afternoon, O. A. Hilgerman of
the Rhinelander Brewing company,
was surprised to find that he had
been made the victim of a forger.
There were six checks in all each
having been written for ten dollars.
So closely did the writing and sig-
nature on the checks resemble that
of Mr. Hilgerman's that the forgeries
easily passed the bank's officials un-
noticed. In fact it is said that it
would be difficult for an expert to de-
tect one of the forged checks from an
original.

The checks passed through the
hands of several business men before
reaching the bank.

Mr. Hilgerman is of the opinion
that the clever forgeries were the
work of a young man whom he re-
cently had in his employ. The fel-
low's home is in Oshkosh and the po-
lice of that city were notified to look
out for him. As yet no arrests has
been made.

ONLY ONE HANS HERE.

Wausau Man Couldn't Find Hans Ander-
son—Eleven With Same Name.

The newspapers are publishing a
story on Will Gross, who sells grocer-
ies for the Kieckhefer Co. of Wausau.
In regard to his experience in en-
deavoring to locate a friend by the
name of Hans Anderson, who lives in
Waupaca county. Will, in an auto-
mobile, journeyed all over the county
and had called on six Hans Andersons
and yet was unable to locate his
friend. At last in a fit of desperation
he hurried into the city of Waupaca,
and steering immediately for the post
office enquired of the postmaster if
he could put him on the track of
the right Hans Anderson. Looking
over the mail list, the post-
master informed Will that there were
eleven Hans Andersons who were re-
ceiving mail on the rural routes out of
Waupaca. At this startling infor-
mation, Will nearly fainted and head-
ing his auto straight for Wausau
didn't stop until he reached that
city.

Now had Will been hunting for a
Hans Anderson in Rhinelander, he
would have had no such trouble.
The city directory gives the name of
only one Hans Anderson and he is
the live up-to-date merchant who
conducts the grocery store on North
Brown street.

ARRESTED FOR HORSE STEALING.

Joe Slekinger has again come in
contact with the law. This time he
has been arrested for horse stealing.
Slekinger showed up at Merrill with
six horses. He posed as a horse trad-
er and had just about commenced
business when the Merrill authorities
received orders from the sheriff of
Portage County to arrest him. Slek-
inger was immediately confined in the
Lincoln County jail and held until
the arrival of the Portage county of-
ficers.

The man is an old offender and has
been mixed up in several shady deals
before.

ANOTHER BANK ROBBER.

\$2200 Stolen From Warren Bank—Crime
Laid to Ladysmith Robbers.

The bandits, who robbed the State
Bank at Ladysmith of \$3000 are still
at large and it is believed that their
capture will never be effected. The
men escaped on a hand car and were
followed by the sheriff and a deputy
on a gasoline car. Owing to the
shower of bullets poured upon the of-
ficers they were forced to abandon
the chase.

Since the Ladysmith bank robbery
the bank at Warren was robbed of
\$2200. This robbery was committed
last Saturday morning and in about
the same manner as the bank at La-
dysmith was entered. It is probably
the work of the same gang. An ex-
tra effort will be made to bring the
robbers within the tolls of the law.

THANKS, BROTHER JOHNSON.

PROMINENT LUMBER MAN LEAVES CITY

F. H. Johnson and Estimable Family
Move to Lansing--To Enter
Banking Business.

F. H. Johnson, wife and daughter
Louise left last week for their future
home at Lansing, Michigan.

In the departure of Mr. Johnson's
people, Rhinelander loses one of its
leading and most upright fan flies, who
have always had the interest of the
city at heart and labored for its moral,
religious and financial uplift. Mr.
Johnson was ranked as one of the
most successful and influential busi-
ness men in the city. He came to
Rhinelander thirteen years ago from
Michigan and was employed as a
bookkeeper for the Brown-Robbins
Lumber Co. and later became its sec-
retary.

The Robbins-Johnson Lumber Co.
was organized and Mr. Johnson was
secretary and treasurer, in which
capacity, he served several years. He
then organized the Johnson-Hinman
Lumber Co., but two years ago Mr.
Johnson purchased Doctor F. L. Hin-
man's interest in the business and
the concern has since been known as
the F. H. Johnson Lumber Co.

There are few who have real-
ized the actual magnitude of Mr.
Johnson's business, and the real loss
that his departure and the suspen-
sion of operations of the company
will be to the city. For the last four
years, a large part of the time, he has
employed in the woods and at the
mill one hundred and eighty men.

During the time that Mr. Johnson
has followed the lumber business, he
has dealt heavily in timber lands.
He is a man with much ready wealth
and still owns considerable real es-
tate. He has purchased a home at
Lansing and expects to engage in the
banking business in that city.

Mr. and Mrs. Johnson were people
with strong moral convictions and
had the courage to do what they
thought right, irrespective of the
popular effect.

Lansing has added a family with
sterling qualities.

MISTAKEN FOR DEER.

Henry McNamara Dodges Bullets and Has
Narrow Escape From Death.

Henry McNamara, who lives near
Heaford Junction, was in the City,
Monday. Mr. McNamara says that
judging from the bullets which he
has dodged recently the deer
hunters are already getting busy.
While walking along near his place,
the other day, he was shot at and the
bullet just grazed his shoulder. This,
he thought, was a mighty close call,
but last Saturday he was again made
a target and the bullet hit a saw that
he was carrying knocking the tool
out of his hand. He emitted a yell
and then heard a cracking noise that
sounded like a man running. Mr.
McNamara says that he knows of not
a person who would do him badly
harm, and is firmly of the opinion
that he had been mistaken for a deer.
Deer are numerous in his section but
he says that it is impossible to pre-
vent them being hunted before the
opening of the season. Mr. McNam-
ara will be duly thankful if he escapes
with his own life.

PREDICTS MILD WINTER.

Phillip Plunkett, the closest ob-
server of weather conditions in Clin-
tonville, predicts that this will be
one of the mildest winters ever seen
in Wisconsin. He says that we will
have but very little use for overcoats
and caps. Plunkett has made quite
a reputation as a weather prophet
throughout this state and during the
past his predictions have always come
true. He is not a "goose bone prophe-
t" but seems to possess a gift for
telling future conditions of the weather.

MUCH BUILDING ACTIVITY.

Perhaps no other city of its size in the
state has witnessed as much activity
in the building line as has Rhinelander
this year. The noise of the carpen-
ter's hammer has been heard on all
sides and has not been an unpleasant
one to the ears of our citizens. Several
fine new residences and dwellings
have been erected here during the
last summer and the several recent
additions to the City are rapidly
building up. That Rhinelander is
growing no one can dispute. It is to-
day the best town in northern Wis-
consin.

WHERE ARE THE DELLS?

A passenger on a Northwestern train hopped off the other afternoon and accosting one of the bystanders on the platform, asked where the dells of the Wisconsin River are located. The one addressed remarked that he thought that they are somewhere near Eagle River. "Nonsense," replied the passenger "they are somewhere between Tomahawk and Merrill. It's strange, you've lived around here all your life and don't know where the dells are." Both men were in earnest and it might be added that both had resided in this state for years, yet neither knew where the dells are.

HOUSEHOLD WORRIES.

There is Not the Slightest Need for Some of Them Existing in Rhinelander.

The average mother finds sufficient annoyance and worry performing the ordinary duties in the rearing of a family, but the cares and anxiety are doubled when there is added to ordinary conditions that of weakened kidneys in a juvenile member of the family. How to cure it should be of untold value to Rhinelander mothers. Read this:

Mrs. Alexander Denoyer, 728 Dorr Ave., Rhinelander, Wis., says: "I have a son who was troubled with weak kidneys for ten years. At times he was very bad off, especially if he did a hard day's work. I procured many remedies for him but nothing did him any good until I heard of Doan's Kidney Pills and obtained them at J. J. Reardon's drug store. My son began their use about six weeks ago and is now almost entirely free from pain. He sleeps well at night, works every day, and feels much stronger and better in every way. I hope others having kidney complaint will try Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

LAMOREUX DISBARMENT CASE.

State Senator A. W. Sanborn and Frank B. B. Lamoreux of Ashland arrived in Superior last evening for a conference with Judge L. K. Luse in connection with the disbarment proceedings that are pending against Mr. Lamoreux in the circuit court. Judge Luse is one of the attorneys retained by Mr. Lamoreux and they, with Senator Sanborn held an extended conference at the Hotel Superior.

The disbarment proceedings were brought before Judge Vinje in the circuit court of this city some months ago. Lamoreux subsequently filed an affidavit of prejudice against Judge Vinje sitting in the case and the latter called in Judge Belden of Racine to preside over the case, which will be taken up at Racine or Ashland October 12. A total of 12 charges have been filed against Mr. Lamoreux.

The transactions on which some of the charges are based date back a period of five years. Mr. Lamoreux has been one of the prominent attorneys of northern Wisconsin and the proceedings brought against him have attracted considerable attention among the legal fraternity of the state and northwest. District Attorney Foley of this city was appointed some time ago to prosecute the charges against Mr. Lamoreux. Superior Department News Tribune.

Hutchinson, Manager, Tourist Dept., 212 Clark St., Chicago, Ill., or address nearest ticket agent The Northwestern Line.

HICKS FOR OCTOBER.

A regular storm period is central on the 10, covering the 8 to the 12, inclusive. The influence of Earth's autumnal equinox, in diminished force, will extend into this period. Northern states will have early snow about the 10 to the 12, and an October cold wave will slip down over the country between the 9 and the 14.

A reactionary storm period will express itself on the 15, 16 and 17. On and touching these dates look for change to warmer, falling barometer. A regular storm period covers the 21 to the 25. The 22 is the central date of this period, but it will reach beyond its normal limits. By the 23, low barometer and autumnal thunder storms will be in progress from west to east.

A reactionary storm period falls centrally on the 27, 28 and 29. The northerly gales and boreal storms will mark this period, and the closing days of the month. It will be well to figure on snow squalls in northern sections on and touching the 28 and 29.

STATE SHERIFFS ORGANIZE.

At Madison, Tuesday, the sheriffs of the state organized the Wisconsin State Sheriffs' association. There was in attendance at the meeting a score of sheriffs, undersheriffs and former sheriffs of counties of Wisconsin. The purpose of the new organization is to have the constitution amended so that sheriffs may be elected to consecutive terms of office. The by laws adopted by the association require each member on request to render to every other member all possible assistance in the apprehension of criminals the penalty for refusal being a fine of five dollars. The membership fee is two dollars.

Married Man In Trouble.

A married man who permits any member of the family to take any thing except Foley's Honey and Tar, for coughs, colds and lung trouble, is guilty of neglect. Nothing else is as good for all pulmonary troubles. The genuine Foley's Honey and Tar contains no opiates and is in a yellow package. Refuse substitutes.

J. J. Reardon.

BODY WAS IDENTIFIED.

The body of the man found in a lake near Armstrong Creek several days ago, was identified as that of George Rush, a woodsman, whose home was at Escanaba, Mich.

Rush had been working in a lumber camp in that section and had been missing for two weeks previous to the finding of his body. He left camp for the purpose of boarding a train at Armstrong Creek and returning to Escanaba. He was not seen at the station.

How he met his death in the lake is a mystery.

Notice.

My wife Hannah has left my bed and board. I therefore forbid any one trusting her on my account.

JOHN O'BRIEN.

A BOTTLE BETWEEN THEM.

"There is no better evidence of a good feeling in the family than the division between husband and wife of the contents of the same bottle of medicine. As the old soldiers used to say of an old comrade, 'We drank out of the same canteen.'"

Here is a case in point:

"I bought a bottle of your 6088 for my wife who was suffering with rheumatism. She used one-half bottle and is entirely cured. I took the balance of the bottle for a tonic and blood purifier and found it to do all that is claimed for it."

FROM NEARBY TOWNS.

Antigo—The Wolf River Paper and Fiber company has filed a trust deed for \$300,000 running to the Wisconsin Trust company of Milwaukee securing a mortgage bond issue. The loan was made to raise funds to rebuild its plant destroyed by fire some time ago.

Barron—Robbers entered the Cash Supply store and stole considerable merchandise which they carted away on a wagon they had in waiting in the rear of the store. It is said that some of the goods were disposed of at Cameron.

Merrill—The Lincoln Milling company has commenced grinding flour. The flour mill is considered one of the best in this section of the state.

Abbotsford—The division points of the Wisconsin Central may be changed back to Chippewa Falls and Stevens Point if officials take favorable action in regard to the petition of the passenger conductors. The conductors of the northern division have unanimously voted to have the division headquarters taken from Abbotsford and the question will be referred to other conductor groups.

Chippewa Falls—The first steel ski scaffold in the world will be constructed here by the North Star Ski Club. The scaffold will be ninety feet high and will stand upon one of the highest hills in this section and the ski run will be the longest and steepest in the United States.

Hudson—Lewis Tatro, aged 50 years, a barber at New Richmond and married, defendant in a breach of promise suit brought by Miss Laura Chandler, aged 26 years, of Minneapolis, was found guilty and the jury fixed the damages at \$100. Miss Chandler asked \$6000 from Tatro for trifling with her affections.

Washburn—The usual fall rush at the coal docks in this city has commenced and from now until the close of navigation the rush will continue. Boats will begin running again and will continue until the bay freezes over.

Washburn—There is some talk in this section of the Soo road building an extension from Superior to Bayfield, along the Lake Superior shore in the northern part of Bayfield county.

Grand Rapids—About 6000 barrels of cranberries were harvested in this district for which the growers expect to receive at the rate of \$7.00 per barrel.

Marquette—The Wisconsin synod of the Presbyterian church will hold its annual meeting in the Pioneer Presbyterian church of this city on Oct. 13, 14, and 15th.

Hurley—There is strong talk of building a new hotel here. The city is sorely in need of a first class hotel as at the present time there is scarcely any accommodations for the traveling public.

Phillips—Despite reports to the contrary the recent annual fair of Price county was a huge success. There was a fine display of exhibits, a good program of races and the crowds were record breakers.

A Jeweler's Experience.

C. R. Kluger, The Jeweler, 1060 Virginia Ave., Indianapolis Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers as it cured me after the doctors and other remedies had failed."

To the people of Onelda County: The report having been circulated, that providing I am elected sheriff, I have promised the appointment of my deputy to any one, is not true, as I have no intention of making appointment to any one before being elected. If elected, I shall be in Rhinelander and attend to the duties of the office personally.

Crusoe's Dept. Store

CRUSOE'S Dept. Store

Fall Business is beginning with a rush at the store and our unequalled preparations in all lines of fall and winter merchandise makes shopping here interesting and economical. The store is filled completely with new goods, every department showing the season's best, and the lowest range of prices prevail throughout the establishment, besides the scores of splendid bargains in seasonable goods which our buyers picked up in the markets.

"I never knew such comfort"

writes one woman

The most sensitive feet are comfortable in the

Red Cross Shoe

The sole, though of regulation thickness, is flexible; it follows every movement of the foot as a glove moves with the hand.

The Red Cross prevents the burning, drawing and aching caused by stiff soles—saves you from the evils of thin soles. The heel of the same specially tanned leather as the sole takes the jar off the spine.

Is it the intention of the present Wisconsin state managers to ignore the men who have fought the battles and put up to date laws on the statute books?

This is the fourth week of school and already the machinery is in good running condition. At best the school year is short and the quicker the school is in good running order, the more is accomplished in good solid school work.

Which is the safer and saner proposition to revise the tariff downward according to the Taft plan basing the change upon the difference in cost of production in this country and the foreign countries or make a change according to the Bryan plan, tariff for revenue only irrespective of the effect upon industry.

Some papers are writing much against the primary election system. They say it costs the candidates so much. What did Senator Stephenson say it cost to elect Spooner to the U. S. Senate under the old system? The only difference is under the primary law the money is scattered all over the state instead of going into the pockets of a few legislators.

Governor Charles E. Hughes of New York showed up Mr. Bryan's vagaries in Lincoln yesterday. He said that all Bryan's schemes are to bring about reforms by magic. Mr. Hughes fully believes that the instillation of the Bryan principles would result in disaster. The longer the campaign continues the more popular Mr. Taft becomes.

Governor Davidson, Secretary of State Frear, Attorney General Gilbert, State Senator Wright and John Strange, candidate for Lieutenant Governor, who were among the number at the state convention to repudiate the progressive policies of the state and turn down the national platform on the tariff are doing much explaining. It is hardly necessary to explain, their work shows for itself.

An old time Wisconsin republican who has opposed all progressive legislation, while addressing an audience last week on the political issues, of the day, spent much time in telling what we have done in progressive legislation. A listener asked him, "who has led and carried through this legislation," and the speaker said, "All of us." "We all take the honor" although he has opposed every move for reform. The man in the audience again said "Is it not a fact that La Follette has put this legislation

through and you are afraid it will choke you to speak his name?"

It is really amusing to hear some people whine when kindly requested to pay their subscription accounts. There are a few who present the lame excuse that the editor, who was here before us, sent them the paper for a present. They didn't know that they were supposed to pay for the paper and had they known so would have stopped the sheet long ago. Now be it declared here that the present administration is giving away no subscriptions and all subscribers now on our list are expected to pay the regular rate \$1.50 per year.

Isaac Stephenson has refused to file an account of his expenses at the primary election saying that he had secured an opinion from the attorney general of the state to the effect that he need not file such an account until after the general election and Stephenson insinuates that he may wait until after his election to the U. S. Senate in January, which means he may never file such account. Some estimate that Stephenson has spent \$250,000 to be elected at the primaries and others say that it has cost him \$500,000. Such a tremendous sum spent to place a decrepit, childish old man in the senate of the United States, is a disgrace to the fair name of Wisconsin.—Exchange

The selection of a high school site is not an easy proposition and of course there will be a diversity of opinion. If possible the building should be centrally located and with in easy access of the fire department and still there should be a reasonable amount of ground for out door high school sports.

To move the present building to another spot on the same ground and erect a building in place of the old one would cost as much as a new location and still give no added ground. Besides the present building is too near the Sun tracks and the center of the city. To go too far out is the other extreme. If a good site could be secured for eight or ten thousand dollars we believe it would be advisable to purchase it. Much depends upon the location.

HIGH SCHOOL IMPERATIVE.

At the regular school board meeting last Monday night the board decided to ask the council to act at once in the selection of a high school site and in the erection of a new high school to relieve the congested condition. Already there are over one hundred seventy five high school pupils in an assembly room scarcely large enough to accommodate a hundred, and each year the increase is about twenty.

If this condition meant discomfort only it would be different. It means danger to the lives and health of a large number of young men and young women of this community. No delays should be made. We cannot act too quickly.

Mrs. T. J. Owen spent Monday with friends in the city.

Miss Mary E. Muir of Minocqua was in the city Saturday.

Mr. and Mrs. D. T. Matteson of Gagen were in the city Monday.

Thos. Dunn of this city has just completed a school building at Cavour, Forest county.

Jean Hamilton, who teaches at Three Lakes, spent Saturday and Sunday at her home in this city.

E. S. Shepard has returned from a trip to Milwaukee and Madison and at other cities in southern Wisconsin.

Harry Krueger was at Crandon, Saturday distributing literature for Matt Stapleton, democratic candidate for state senator.

Ed. Morrill, manager of the Bundy Lumber Company and Manford Taggart, who is in charge of the company's store, were in the city Friday.

Several cement walks have been laid along Anderson Street during the last two weeks. This street is now one of the finest thoroughfares in the city.

Nels Evenson returned this week to Amherst where the family will spend the winter. They may return to Rhinelander to again reside next spring.

Claude Shepard, republican candidate for register of deeds, looked after political interests in the southern part of the county the first of the week. Claude is making an active campaign and will go into office with a big majority.

Miss A. E. Rosemark is home from Chicago where she attended the National Dressmakers' Convention. She brought with her many new models for up to date dressmaking and is now prepared to meet her patrons. First class service guaranteed.

Visitors at Rhinelander speak in the highest terms of praise of the management of Messrs. Butterfield and Kelly in the Fuller House of that city. Mr. Kelly is an old hotel man, and has an extensive acquaintance among travelling men, with whom he is very popular.—Antigo News Item.

Only a little more than half of a full potato crop will be harvested this year in Wisconsin, according to information received by John M. True, secretary of the state board of agriculture. Secretary True, fearing that the late potato crop of the state has been seriously affected by the protracted drouth which was broken several days ago, had correspondence with other crop reporters in Waupaca and his potato growing counties of the state and from estimates received places the crop at 55 per cent of a full one. Reports generally agree that the quality of the potatoes this year will be above the average, but the yield will be lighter.

Louis Schlect is spending the week in the city.

G. Anderson was down from Ashland on business Saturday.

Geo. Wilson has taken a position as locomotive fireman on the Robbins logging railway.

Mrs. H. E. Osborne is entertaining her sister, Miss Edna Morrison. The young lady holds a position in the office of the Ironwood Times.

Deer are reported to be plentiful in this part of Wisconsin this year and hunters are anticipating excellent shooting when the open season arrives.

Rev. Father Peter Langlois of Montreal, Can., will be a guest this week at the home of Fred Langlois. Father Langlois is one of the best known Catholic clergymen in the Province of Quebec.

Axel Lindegren received a letter from his brother Aaron at Hong Kong, China, Thursday, stating that he expected to leave the middle of October for his home at Stockholm, Sweden. He will visit the United States enroute and intends to come to Rhinelander to see Axel.

Thos. Lathrop of Wausau was in the city over Sunday.

Miss Mabel Cannon, teacher at Armstrong Creek, spent Saturday at her home in this city.

Miss Frances Hutchinson of Oshkosh arrived in the city Tuesday and is the guest of friends.

Why buy packing house sausage when you can get fresh home made sausage at the City Meat Market?

Elint Stone and Ed. Markham are now residents of Pasadena, Cal. They have both secured positions there and write that they are much pleased with the country.

Arthur McCarey, who spent the summer here and was employed at the Nichols Hardware Company's store, has returned to Chicago to resume his studies at the Chicago University.

Mr. and Mrs. Ed. Washburn returned Saturday from Oshkosh where they were the guests of relatives and old friends. Mr. Washburn is a well known logging locomotive engineer and pulls the throttle on the Robbins narrow gauge engine between this city and headquarter's camp.

Notice is hereby given that all of the following described tracts of land and City and Village Lots, situated in Oneida County, State of Wisconsin, were sold by the County Treasurer of said county, on the fifteenth day of May, A. D. 1900, for the delinquent taxes of 1903, and remain unredeemed at the office of the County Clerk of said County.

Now, Therefore, unless the taxes, interest and charges with redemption fees and advertising set opposite the several tracts and lots hereinafter specified, shall be paid at the office of the County Clerk of said County on or before the fifteenth day of May, 1900, the same shall be conveyed to the purchaser thereof, pursuant to the Statute in such case made and provided, interest is computed to the last day of redemption.

Given under my hand and official seal at the office of the County Clerk, in the City of Rhineclauder, in said County and State, this 24th day of September A. D. 1908.

WM. W. CARR, County Clerk.

PHONOGRAPHS and RECORDS
did you know that an entirely new
line of Machines and Records will
be on sale October 1st at my store. The
NEW Records are no larger, but play
just twice as long as the old records
do. The new phonographs are im-
proved so you can play either the old or
the new records on them, but that is
not all, any person now having a pho-
nograph can buy one of the new re-
ducers and then you can use either
records. Call at my store to get
the latest in that line.

CALUMET Baking Powder

Avoid the mishaps—the disappointments—the "bad luck" in baking, by avoiding Poor Baking Powder—the cheap, or big can kinds and the high-price Trust brands. They are unreliable—they too often fail—Don't trust them.

Put your faith in Calumet—the only strictly high-grade baking powder sold at a moderate cost. We absolutely guarantee that the results will please you. Guaranteed under all pure food laws—both State and National.

Refuse substitutes—get Calumet.

SECURES BIG CONTRACT.

Robbins Company to Cut Enormous Tract for Menasha Woodware Company.

The Robbins Lumber company has secured the contract for logging and cutting the enormous tract of timber owned by the Menasha Woodware Co. The tract contains many million feet of pine which due to the fact that it was fire swept necessitates that it be cut immediately.

It was at one time almost certain that a Green Bay firm would secure this work but owing to the efforts of Mr. Robbins the contract was awarded to his company. The company has already commenced preparations for the fulfilling of the contract and is now installing camps at different points along the line.

The fact that a home concern has been given this contract means much to the City and community. Hundreds of men will be employed and the coming year is bound to be a prosperous one here.

Mr. Robbins is one of the most active and public spirited business men of Rhinelander and is continually working for its progress and betterment.

Roy Lockwood is on the sick list this week.

Mrs. W. H. Gilligan, Sr., who is ill with pneumonia, is reported much better. This will prove good news to the lady's many friends.

Mrs. Jas. Trumble returned Tuesday from a visit in Michigan. Her return was hastened owing to the serious illness of her mother, Mrs. Phelps.

Miss Helen Sedgwick, graduate of a Beloit college, was secured as high school teacher. She began work Monday. Miss Sedgwick comes well recommended as a teacher.

Grace Foley who has been employed at Rhinelander during the past summer, arrived home Wednesday afternoon and will begin teaching next Monday.—Clintonville Tribune.

Wm. H. Taft and Wm. J. Bryan were guests at a banquet given by the Association of Commerce at Chicago, last evening. Both gentlemen spoke and the applause for each was general and impartial. They clasped hands and both wished each other a happy defeat.

Fred Perrault returned Friday from Alpena where he went to consult Dr. Till. Fred has been suffering with stomach trouble but he says that since the "doctor" put the plaster on his back he has never felt better. Till is now doing a bigger business than he did before he went to Europe and over one hundred patients are being administered to by him every day.

An Art Critic.

"This art craze is going too far," said Blunt, when a pot of paint fell from a second-story window and struck him on the head. "No more decorated tiles for me," he mournfully added, as he began to scrape the yellow paint off his silk hat with a knife.

Atmospheric Pressure.

It has been circulated that a man of the ordinary size sustains a pressure of about 14 tons. But, inasmuch as the pressure is exerted equally in all directions, and permeates the whole body, no inconvenience follows.—New York American.

Making "Fun" of Ear Washing.

Should the small child object to having his ears washed use a shaving brush in place of a brush, and the operation will be completed with satisfaction and ease on both sides.—Good Housekeeping.

A New Method.

"Well, this is funny," exclaimed Tommy, when he saw his first trolley car; "I've seen wagons pulled by horses, and I've seen 'em go by steam, but I never seen 'em run by a clothes prop before!"

Political Hypocrisy.

The politician who, on the eve of an election, knocks at the poor man's door, shakes his hand and kisses the baby illustrates the maxim that hypocrisy is the homage that vice pays to virtue.—Toronto Star.

Defects of the Telephone.

According to M. Abraham, the best telephone does not transmit to the ear more than one-thousandth part of the energy which it receives from the line.

VETERAN MUSIC MAN DIES.

"I am dying."

With these words, William J. Rohling, aged 77, veteran music and piano dealer, expired at his residence in Milwaukee at 5 yesterday morning, after an illness of but one hour's duration.

An hour before his death yesterday morning he was taken ill and summoned his son George and a daughter.

The only words he spoke after that was to tell them that he was dying.

Mr. Rohling was a native of Osmabreck, Germany, and it is a peculiar coincidence that he and Beethoven were born on the same day of the year.

His father, Christian Rohling, conducted a piano manufacturing plant in Germany and the son learned the trade of piano-making in his father's shop.

In 1852 he came to America, it taking him sixty-five days to cross the ocean at that time.

He has conducted a music store in Milwaukee many years.

THROWN FROM AUTO.

Miss Lenore Linehan, who teaches the seventh grade in the first ward school building, was thrown out of an automobile last Saturday morning and sustained slight injuries. The machine was crossing the Soo tracks and struck the rails with such force as to result in the accident. Mrs. Chas. Persons substituted for Miss Linehan the forepart of the week.

SOO LIMITED JUMPS TRACK.

Train number eight, the east bound Soo line limited, jumped the track five miles west of Trout Lake, Monday morning. A relief train was sent out from Sault Ste Marie to bring in the passengers. Nobody was killed or seriously injured but all were badly shaken up. Traffic was blocked several hours.

BACK AT THE GRAND.

Messrs Hanson and Taylor are again managing the Grand Opera House having assumed control of the theatre this week. The gentlemen were formerly in charge of the Grand and are well known and popular with the patrons of the house. They will endeavor to secure nothing but attractions of the highest class.

CALUMET DANCE.

At Gilligan's Hall, Tuesday evening, a dancing party was given by the Calumet Four. The affair was an enjoyable one and attended by a large number of young people. Music was furnished by the Military orchestra. The Calumet Four are first class entertainers.

Saved His Boy's Life.

"My three year old boy was badly constipated, had a high fever and was in an awful condition. I gave him two doses of Foley's Orino Laxative and the next morning the fever was gone and he is entirely well. Foley's Orino Laxative saved his life."

FOOT BALL.

The foot ball team of the Rhinelander high defeated the Eagle River high boys at the fair grounds, Saturday afternoon, 12 to 0.

The home team plays Ironwood at Ironwood Saturday. Boys, you will come up against something different when you play Ironwood.

Larry Nolan was down from his Newbold farm Tuesday. Larry says that his process for removing stumps is proving a great success. All the farmers in his territory have adopted it and already several hundred acres of land have been cleared in this manner. He has at present run short of the compound and his visit here was for the purpose of purchasing acids to make up a new batch.
